TUF-R LINEAR LOW-DENSITY BAGS

Tuf-R® Linear Low Density Polyethylene (LLDPE) bags provide extra strength and puncture resistance compared to Low Density bags of the same gauge. Because of this, it's often possible to use a lighter gauge Tuf-R® bag to do the job of a heavier gauge LDPE bag, which saves money and helps to reduce the environmental impact.

KWIK-FILL PRE-OPENED BAGS

Kwik Fill® bags are compatible with all automatic packaging equipment and are packaged on an industry standard core. Kwik Fill® bags are pre-opened for easy loading and feature precise perforating for easy separation, so they also work great for manual applications. Bags are from seamless tubing and bottom sealed for extra strength, with no side slit seals.
