

PRODUCT HIGHLIGHT:
**RelyOn Safe & Secure
 Child Resistant Pouches**

Child resistant and Tamper Evident Packaging

- Complies with State Regulations
- Child Resistant
- Tamper Evident
- Maximize Shelf Life
- Protect Your Flavor Profile
- Uncompromised Barrier Protection

Once the pouch is filled with your product and heat sealed a high barrier ecosystem is created. This protects your product's flavor while maximizing shelf life.

All Stock pouches are 5mil and labeled with instructions for adult use. Our FOIL pouch material is specifically designed for low oxygen, low moisture vapor and UV resistance. Due to the excellent barrier characteristics, our pouches provide longer shelf life. Foil also enables our bag to excel in applications that require nitrogen filling and/or flushing.

- Stock Bags on the Shelf
- Digital Print for Small Orders
- Flexo Print for Large Orders
- Custom Sizes Available
- Custom Material Possibilities
