

WE ARE PACKAGING EXPERTS

This week's Product Highlight: Printed Boxes & Displays

PERFECT PACKAGING - PERFECT PRICE

At Inland Paper, we understand that packaging is more than just a box. It's a reflection of your brand, a representation of your product, and a crucial element in the customer experience. That's why we offer a full range of packaging solutions, from design to production, to ensure that your product stands out on the shelf and in the minds of your customers.

Developing a WOW package – whether a Point-Of-Purchase (POP) display, or a special online shipping box – means blending form, function, and graphics that ideally captivates buyers while showcasing your product or brand.

190" Specialty Folder Gluer

- Glue even larger boxes with more efficiency, faster lead times and at lower cost
- Capabilities to glue trapezoidal displays & any angled back edges
- Manufacture 6-pack carriers, simulated 6 corner trays, 4 corner trays, auto-bottom & self-ready boxes
- Apply double sided closing or tear tapes
 - Frustration-free packaging
 - E-Commerce Packaging
 - Easy open & closing feature for delivery & easy to return boxes

Rotary Die Top & Bottom Printer

- Produces print on the inside and outside of the box in one pass
- Specialty corrugator has non-pressure rolls that eliminate washboarding/fluting on the inside of the box providing a smoother print surface on the outside and the inside of the box

Connect with consumers, communicate brand messaging and essential product information with beautifully printed boxes and displays.
