

Product Highlight: Print Wiz

Create your own custom printed tape with the new
Print Wiz!

The *Print Wiz* is a hand-held tape dispenser that creates printed tape as needed. The dispenser will print a short message onto the adhesive side of the tape. You have the option of using acrylic or hot melt tape with any mil thickness and a variety of colors. A great alternative to traditional custom printed tapes that require large minimum orders.

Features & Benefits:

Printed tape as needed

Prints on adhesive side

No drying time necessary

Ink absorbed on the box creating a security seal

Ability to change print messages instantly

Uses 2" wide tape

Important Information:

- Ink cartridge shelf life is about 6 - 12 months when not in use. After use, shelf life is about 3 months. Store in its bag if not using daily. On average, depending on the artwork, ink cartridge lasts for about 3 cases of tape.
- PrintWiz® will pay for itself within 2 cases of tape.
- Tamper evident feature! The PrintWiz® prints on the adhesive side of the tape, locking in the print and will immediately transfer some of the ink to the box should the tape be lifted for any reason.
- Opaque tapes will show darker (and more blue looking) ink after about 24 hours.
- Keep the dispenser in the locked (“off”) position when not in use.
- Clean and maintain all parts in order to increase the life span of the

- dispenser.
- The PrintWiz® will come with extra rubber bands. Extra parts will be available for purchase.
 - The PrintWiz® will print on 110 yard rolls up to 2.0 mil thickness. Any tape above 2.0 mil thickness will have to be printed on 55 yard rolls.
